To Whom It May Concern:

This is our letter of intent for our production activities scheduled for Tuesday, January 21. Hours of production activity are currently scheduled from 6:00 AM until 8:00 PM. We are interested in filming the beagle brigade and their handlers. This filming would take place at the Tom Bradley International Terminal.

Our plan is to film with a small, documentary crew totaling 12-15 people. We will have 2 production vans as well as personal vehicles. Production would like to have the vans in the lot closest to the terminal for access to equipment.

The equipment being used consists of two cameras and an audio mixer. We will always try to use available light but, in the case that is not enough, we would supplement with minimal lighting, most likely LitePanel 1x1 LED lights. We will not be using any large equipment like cranes, scissor lifts, etc.

We will not be using any hazardous props, picture vehicles, aircraft, or special effects. We will not be doing any stunts. We do not have any alteration requests. As we will be filming in public areas of the airport, we will need to place wide area release signs notifying people that they may be filmed. These signs would be placed only in the areas we are filming and in locations approved by airport representatives.
